How to add a divert (site level)

- You will manage your site level divert using the Business Portal.
- Prior to your go-live date, you will receive an email with your login details for the Business Portal.
- To set up a site level call divert, you will need admin access to the Business Portal.
 Please contact our support team to request admin access.

Onebill. CloudVoice

How to add a divert (site level)

• The next step is to select the site name.

 Scroll down and click the small arrow on 'Hunt Groups'.

Onebill. CloudVoice

How to add a divert (site level)

Click the 'Hunt Group' name.

A 'hunt group' enables you to choose how your incoming calls are distributed.

For example, calls can be directed to the first available user or the one who has been idle the longest.
